To all concerned parties:

Regarding: Temporary and limited exception to Nibley City Noise Regulations

This letter acknowledges special circumstances associated with the asphalt paving project on 1200 West in Nibley City. Given the scope of the project along with the opportunity to limit the overall impact to Nibley citizens, and in accordance with Nibley City Code 7.16.040, Nibley City grants a temporary exception to its noise regulations. This exception is granted with the following limitations.

1. The noise exemption expands the definition of daytime hours (NCC 7.16.020.C) for Monday, July 29, 2024, to begin at 5:00 am (normally 7:00 am) and continue to the usual time of 10:00 pm.
2. All other noise ordinances (NCC 7.16) will remain in effect.
3. This noise exemption is limited to the Staker Parson Companies and their subcontractors for the purpose of asphalt paving on 1200 West between 2980 South and 2500 South.

Thank you for your attention and cooperation on this matter,

A handwritten signature in black ink that reads "LARRY JACOBSEN".

Larry Jacobsen
Mayor, Nibley City
